Curriculum Vitae (CV)

What job i'm looking for? My positive points

I have only know basic when it comes to computer, I know how to type, make Microsft Word, Microsoft Powerpoint, Microsoft Excel. I had only known that for almost 2 years for being a student. I do not have any work experience, but I will more glad to know if you are going to teach me. Because working on this kind of field is like a researcher that only knows a little information, that is why they dig up more information to learn. Everyone can KNOW, they just only have to LEARN, because the more you learn the more you get the skill. As they say ' practice makes perfect.' And that is what I love. Hope to be one of your trusted employees.Thank you!
