Curriculum Vitae (CV)

What job i'm looking for? My positive points

I need a mining job so that I can have a chance to pursue a career in mining by furthering my studies. mining is a huge deal in our country .it generates and contributes to the economy of our county and I find that very interesting. I would to be hired in a mining sector because I know and trust that I'm a hard worker and I can do wonders when I put my mind into something.
