Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a job as a Driver, I am confident about it because I meet all requirements for that position. I am also looking for a Security Job as a Supervisor because I have all the experience on it, been a temporary site manager for security.

For if there's a need for training, I intend to undergo internal or external training if possible, I am looking for new adventures as I believe in growing and expanding my mind.

I prefer working under pressure because that way I always get the job done easily, I work very well with people and I'm a leader, a stretched mind can never go back to it's original form, I believe in 5 years time I will be managing a few departments.
