Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a job where by I will be working with people or even working from home. I am able to adjust to any environment easily so getting the hang of my workplace will not be a problem for me. I believe in following work ethics and respecting my employee and my co workers but mostly in being kind to the people I will be working with because kindness can go a long way. I am hard working, punctual, and I am a fast learner too. I believe I will add great value to whichever place I am hired in. I am also good at working with children
