## What job i'm looking for? My positive points

I'm looking for a job relate to Administrative since i hold a b-tech in public Management and i have 2 years experience and I'm very hard working, keen to learn, adapt well to an environment, if a were to be given an opportunity the employer wont regret hiring me since I'm hungry for an opportunity and building my career. and I really believe in the saying that education is the key, but from where I'm standing people turn to doubt since I'm just staying at home with a degree unemployed.
