Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm great at connecting with people but mostly I want something that's going to keep me transforming. I can't bear being in the same position for long. I don't like predictable things. I am looking for a job that will allow me to interact with people so that I learn more about humans more than I will with anything. I am all bubbly but can still be focused with what's important. I like getting things done in time. It gives me great confidence that I can be reliable.
