Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am currently looking for a part-time job that I can do from home, such as being a typist. The aim is to gain experience in an area I am familiar in, which is administration (due to my experience of being Secretary) that is different from my field of study, which is Economics (as I am a final year student). Being Secretary required me to do a lot of typing, which has relatively increased my typing speed. It also required me to have an understanding of other Microsoft Office features, such as Excel because that was where I kept and updated members' details.
