Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for something im really passionate about. I have been in retail since i have finished school. Im open for anything else. I am a fast learner. I am keen and eager to learn if i set my mind to something i will give 110%. I also see myself as a perfectionist which i think can be advantageous. I am a people's person i always put the customer first. I have been complemented by many for my excellent customer service. People would always say they didn't need to buy anything but just because of my kindness, friendliness and me just being me they had to come and buy. I think a smile the acknowledgement and the 'Goodday Sir/Mam how can i help you? ' for a customer is more Appreciated. They would rather past the stores nearby with the staff that has no customer service and buy where they are welcomed and their needs are met.
