What job i'm looking for? My positive points

I like to be an electrician one day. I choose electrician cause I didn't see occupation of being an assistant electrician. Cause I'm a fast learner I would like to go back to school to go further with my studies. And be the great asset to the company I'll be working with. I'm a hard worker there's no need to be followed while I'm at work. My job comes first.
