Curriculum Vitae (CV)

What job i'm looking for? My positive points

I can do anything as a general worker, I got trained as a chemical lab tester and I can survey even though I do not have any survey qualifications but I am very good at it I have been doing it for about more then 2 years at my last workplace. I am a hardworker and a fast learner very determined to do anything I am being taught and I am always on time I never miss work and the fact that I do not drink alcohol helps as well. I really would love to get a job I have a wonderful 12 year old daughter and a wife to take care of.
