Curriculum Vitae (CV)

## What job i'm looking for? My positive points

To whom it may concern

I am exceptionally well-skilled in the installation, operation and maintenance of various types of heavy-duty machinery. I have used hand and electrical tools, ultrasonic measuring tools, lasers, cutting torches and tensioners. I adhere to safety precautions in effectively and efficiently carrying out my duties. In carrying out my responsibilities I have had to interpret technical drawings and engineering plans. I also have sound knowledge and experience in using computer applications like Auto CAD.

I am excited at the thought this opportunity will bring for me to use my skills and experience and to develop new ones at your company. I thrive on meeting challenges put before me.

Thank you for taking the time to consider my application and I hope my CV generates enough interest for you to invite me to an interview.

Sincerely,

Peter Williams.
