Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a student who is looking for any type of job, I've been applying for a certain position for a while now with no luck though.

I'm a very hardworking person who is dedicated and passionate about what I do. I'm a fast learner and I'm a patient person. I have my Grade 12 certificate along with my Level 2 Mechatronics certificate

I've been struggling financially for a while now and living on my own as a student is not easy so any kind of job(legal one) will do.

Thank you.
