Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am presentable, polite and courteous to customers at all times. In addition to this I have no problem driving in unfamiliar areas and can read a map and navigate to multiple addresses within allocated time slots.

As a true professional I am ready at all times to roll my sleeves up and get stuck in where ever I am needed. I also want to mention that I fully understand the importance of ensuring that products arrive to the customer in good condition and therefore go out of my way to maintain the quality of any stock I carry.

On a personal level I ooze with personality, enthusiasm and a genuine desire to help others. Furthermore, I have strong customer orientation as well as engagement skills and am very good at defusing tense situations.

As an ambitious person I now want to join a growing company like yours where hard work is rewarded and loyalty appreciated. I hope that after reviewing my attached resume you will be convinced of my potential and invite me for an interview to discuss my application in further detail. Thank you very much for your time, consideration and forthcoming response.
