Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a second year student at the university of Johannesburg. I am currently looking for a job because I need to raise money to cover my expenses for next year. I have good communication skills, that is being able to listen and response in an appropriate manner. I am also open to new ideas and enhancing my personal skills. Having a Job would not only help improve my current financial state but it will also prepare me for when I finish my studies so I would appreciate it if I were given this opportunity not only for me but to bring in lots of profits for your business.
