Curriculum Vitae (CV)

What job i'm looking for? My positive points

Dear sir/madam

Re: application for in-service training

My name is Theodore Naidoo and I am currently a third year student looking to successfully complete my 18-month in-service programme to obtain my National Diploma in Business Management.

My curriculum vitae detail my work experience and academic career which has helped me further my understanding from a theoretical point of view to a more hands on approach. This broadened my ability to work within a team and solve problems that may arise whilst being tested in a working environment.

I am a responsible hard working individual with ability to learn on the go and give a 110% to whatever task there is to complete. I have a strong work ethic and can work exceptionally well individually or within a team. There are no limitations to my hunger for knowledge and I find it quite healthy to keep learning something new. I am heavily influenced by my role models and thereby driven to make an impact in the world. I am a social, outgoing individual who enjoys the company of friends as well as making a new one

I trust that if chosen to be a successful candidate, I will genuinely make an effort to give off my best at all times. I believe that this opportunity will be of mutual benefit to the company and me, in the sense that unchartered territory can be explored and my true potential can be discovered, even in the unforeseen circumstance. Subsequently, my mission in obtaining a meaningful career, and living a fulfilled life with no regrets or lost opportunities, will be realized.

Please find attached copy of my resume.

Yours sincerely,

Theodore Naidoo
