Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am currently looking for a new environment to work that is new challenges because I think I have worked in Health Department enough to let others learn what I have learnt over the years in Supply Chain Management.

I can perform all of the administrative duties which support services and clerical duties. I am a very open minded person who likes to learn or open up to new ideas and opinions of others. I am self driven by my enthusiastic attitude, I like to finish my work before deadlines and I would go and ask for help where needed, so that the component cannot suffer because of one persons mistakes.

Your company will have benefited a lot if I am given a chance.
