What job i'm looking for? My positive points

I'm looking for job in any industry to improve my livelihood, but not only to improve my life but to add value to industry. I'm passionate, loyal, tenacious and tedious with everything I do. I'm also punctual and pay attention to minor details, and I also love learning, improving myself, and reinventing. I also love challenges and measured risks, having a job that would allow myself to express my skills and attributes that would be my ultimate catch.
