Curriculum Vitae (CV)

What job i'm looking for? My positive points

A job that I'm looking for is an artisan as an electrician. I've been doing electrical technology (electronics) at my high school and I've seen that my potential in working with electricity, I was good in theory but the most good in practicals again I've noticed how mining industry need to upload power operations and systems especially in mzasi, so I believe that with the knowledge I have and experience i will gain I will change our lives to better, I would like you to hire me and I promise I will be committed to my work.
