Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a good listener and problem solver. At my previous work as a cashier I would deal with such almost everyday. I always strive to make sure that my work is recognized, that way I become confident in what I do and know that I'm in the right track. I like to be corrected when I did something wrong and I love team work so that i can get to know my colleagues better and hopefully learn something on them. Retail job is the only job I know and with 3 years in it I grew love for it.
