Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a hardworking, determined and dedicated individual with a strong work ethic from Reiger Park Boksburg. Despite growing up with a single parent on disability grant and difficult household circumstances, I still choose to remain positive at all costs. My career objective is to enhance both my knowledge and capabilities in finance and accounting by working in an organization that prides itself in giving substantial responsibility and opportunities to new talent. I am consistently growing and continuously learning and therefore the qualities I lack I can overcome.

I value honesty, integrity and diversity within a working environment. I am an honest and reliable person who takes responsibility for her actions and also account for them. The reason why I decided to take this route with furthering my studies in finance and accounting was due to my love for numbers and passion for problem solving and finding solutions, dealing with accounts at tertiary level as well as formal experience has made me aware of the finer details and being attentive to ensure accuracy and completeness.

I completed my Bcom Accounting degree through Damelin Boksburg College in 2017. In 2018-19 I completed a 12 month Finance internship at South African Airways Technical as well as a 12 month fixed term contract as a Financial Officer in 2019-20.

Some of my other skills entails leadership skills(being an academic leader in both primary and secondary school). I am team orientated and can work well alone. I am computer literate in MS Office and MS Outlook. I can manage multiple tasks, cope well under pressure and meet deadlines. I have good communication skills(written and verbal) and punctual.

I am seeking suitable employment that compliments my kind of study and available immediately to commence suitable employment. If given the opportunity I can rise to any challenge. Thank you.
