What job i'm looking for? My positive points

I am looking for any kind of a job,because I do not have any Qualifications. But I do have an experience on Management department,since 2016 I've been working as a Production Supervisor at one of Sea Harvest biggest Fishing Vessels. In between the period from 2016 until now I also been working as Assistant Manager,even though that is happening regularly..

My positive Points is that I always put my Job and Company's interest first,I also do not like to fall short on my Daily Tasks and Targets. Very good time keeping is crucial to me,because once you start your duty a minutes later than expected that can affect your performance. I also have an experience of working under stressful situations.

In whatever I am duty that I do I always wish to upgrade myself,because I do like to improve my skills so that I can help grow Company. Working overtime and going extra is what I like,as long keep on doing the Best work each day...
