What job i'm looking for? My positive points

Well i matriculated in 2019 and i was raised by single mother, So since from grade 8 I've made a pact with myself that when i complete my matric I'm going to work for my mom ,so that i can help her with basic needs. I choose to register with distance learning institution in order for me to find a job to be able to provide for her. So I've been struggling to find a job since last year but I'm still hopeful. Any job related to Cleaning, book keeping and Labour i will stand a chance for it.
