 Administering systems that used by department e.g. PERSAL, LOGIS and BAS, Payday and Promun, Windows 7 to 10, Mac OS, Microsoft Office, Adobe, Photoshop, Zoom, Teams and all kinds of VIRTUAL connection.

Conferences, seminars

I once attended ICT Summit in East London in November 2017.

The Annual ICT Summit is designed as a tool for business development opportunities through matchmaking sessions as well as to create a platform to discuss topical ICT issues, trends and innovative ideas. The Summit has succeeded in achieving this for ten consecutive years in the Eastern Cape.

Imbizo Events in partnership with the Provincial Department of Health had an idea of creating this prestigious event by considering investing resources into the Eastern Cape ICT Summit for about 13 years now.

The ICT Summit awarding companies with the premium business opportunity to network with the elite of the industry in Government departments, CIO's and Private Sector Giants with investment interests in ICT Solutions highlighting Department of Health.

There were leaders from large ICT Bodies who also attended the summit, namely; The Black IT Forum (BITF), The Information Technology Association of South Africa (ITA) and The Computer Society of South Africa (CSSA), various leaders from major municipalities in the Eastern Cape together with key role players within the medical industry.
