

Claude Van Heerden

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am driven to complete what I start and like to work in a structured, planned way, with to-do lists and calendars. People can rely on me because I am efficient and care about the details. As a Hands-on Learner, I approach problem-solving with my preference to rely on your past experience to find solutions; sometimes adding to this approach, an analysis of the situation. I enjoy finding more practical solutions to problems, while also seeing that researching solutions can still be valuable at times. I am honest, disciplined and I thrive towards excellence and I do believe that I can be an asset to any business.
