Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a driving post. I believe in results as they determine the growth and the reason for being present in the organization. Being punctual and attention to detail tops every strategy in business.

I believe in taking charge to every problem put forward where seeking advise is important. I self drive myself for best results and have a target that is my measuring stick to reach the top.

My weak point is being unable to say no to a request. I am working on it as one needs to prioritize what ever the circumstances.
