What job i'm looking for? My positive points

Am looking for electrical engineering jobs as I've just completed my N6 studies in engineering studies I believe I have what it takes to grow the company going forward and I will be the good asset to the company, I think you should hire me because I'm a hard-working person, trustworthy & I always deliver on time. I also completed some workshop training which I believe can add value since I won't be starting from scratch the experience I have in workshop include

1. Cable & Conduits
2. Basic fitting, rigging, welding & electronics
3. Electrical system
4. Power & control
5. PLC (programmable logic control)
