

Siyasanga Hashe

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am Siyasanga Hashe and I hold a Bachelor of Arts (BA): Development Studies from the Nelson Mandela University and I am currently doing my Honours in Development Studies with the University of South Africa.

I have over 6 years of working experience, cutting across employee wellness programme; events and promotions and administration-providing administrative support, organizing files and scheduling meetings.

My interest in the development fraternity was triggered by the constant growth and development in our country. I thus found interest in bettering the conditions surrounding development, employee health and wellness and administrative work, and further make the platform inclusive for all.

My desire as a young vibrant graduate is to find myself in a position to make a meaningful contribution to the development of our country in any way that reflects the true essence of development.

I contain a broad understanding of developmental issues and economic development, research, qualitative and quantitative evaluation and analysis techniques, contributing to unit planning and administrative work, whilst I am still open to new things and willing to learn more.

My vision is to enable young people to contribute and learn immensely on the framework of the development spectrum.

Contacts and general information about me
