Curriculum Vitae (CV)

What job i'm looking for? My positive points

To describe myself I would say that I am both mentally as well as physically strong enough work under pressure. The idea of working in a team excites me as much as working alone. Therefore it is acceptable to say that I am good at communication, open minded to challenges and understanding to the strengths within mutual respect. I am disciplined when it comes to managing my time and doing everything in my power to make my job easier.

If asked, what I bring to the table? My answer is easy, my humble yet ambitious attitude and determination to accomplish the goals I set for myself. Therefore I urge you to please be so kind and consider giving me the privilege to join your team and prove myself suitable

Thank you for taking your time and consideration.
