Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a job. I love working with people hence I chose to do Human resource management. I'm a worker that you can rely on if there's any problem at work, problem such as deadline and overtime if it happens that I can leave late at work without being compensated for that. I am person with ideas always, person that is willing to learn other new skills at work.
