Curriculum Vitae (CV)

What job i'm looking for? My positive points

Hi my interest is mostly in tool settings doing it for years now and still going on each day I want to learn new things different settings especially injection molding my next challenge I'm currently working in an engineering field but seeking for a new challenge. My positive points are always believing in setting goals for myself being a good leader so that I can motivate others to lead a good team forward in the best interests in any company who give me a opportunity to prove myself.

Preferred occupation Engineering jobs
