Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a very vibrant, respectful, caring, calm and collected person. A sweet personality I have, i love working with people, teaming up to work on a certain challenge, I always strive to become as centre of excellence, i personally like being in decision making process because like bringing ideas on the table to groom the business image and beautify it. Lastly, I am a go getter.

I am currently in need of a job to financially support myself and also pay for my tuition fee for this year, but despite the above mentioned I personally in need of more experience than the one I have currently so I can learn more of what I haven't learned in the previous workplace I was in, any form of vacant position for me is much appreciated as I am will to do anything to put a smile on the company.
