Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am cuurrently looking for a Truck Driver Job or a Learnership, i have my code 14 license and PrDP to be utilised and im so dedicated in this because i really want to make it in this industry because it has always been my dream to be working with heavy vehicles.

I took time off from my day to day retail job in order to create better chances for me to be selected as a Truck Driver which means i am currently jobless and i have to make this work.

My aim is to share a little i know and learning more which goes in hand with being profitable to your company. I am currently looking for a breakthrough under a successful and ever growing company like yours where I will have a high degree of freedom to manage or supervise a group of people one day.
