## What job i'm looking for? My positive points

I am a first year student at AFDA the school of creative economy in admission to a bachelor's degree in arts in motion picture medium. I am multi tasker, I learn a lot about the creative and critical thinking skills as it can help in all the workplace and not just in the media and arts department. I am very young, hence I enjoy working a lot and learning new skills. I could be a great asset to any company or workplace because I love working in all aspects of work. I can juggle both my personal life and academic life, it wouldn't hurt to throw in a working life. The workplace will definitely improve my way of thinking and give me experience and that is what I long for.
