What job i'm looking for? My positive points

I'm looking for a general job even though I have a 3-year diploma in business administration from Richfield Graduate Institute of Technology, but I would appreciate any job position that can be offered for me. As for my experience, I did only in-service training from eThekweni Municipality in the department of IMU in administration, my training was 4 weeks to finish but I decided to extend it just to learn more in the department. When it comes to work, I have the ability to understand complex ideas, and adapt effectively to the environment and also learn from experience, to engage in various forms of reasoning and to overcome obstacles by careful thought.

Preferred occupation: Administrative jobs
