Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a very passionate worker, I adapt fast, I am a TUT graduate and I have worked in departments that I have never got trained for and excelled. I am a team player, very punctual, I take what I do seriously I can still excel under pressure. One think I believe makes me a good candidate for almost any position is that I can learn on both on myself and with a team, I knew all this when I can became a part time photographer with the experience I learned on YouTube and with that I was able to convince and win my own clients with the experience I gained from the network marketing part time job I did while I was in university. I have also worked behind the scenes on television and live concerts so I am very much used to working long hours and reach deadlines.
