What job i'm looking for? My positive points

I am a hard working lady with a potential to be an asset to the company. I can work overtimes, stay on do anything the company wants me to do as long as at the end of the day the work is done. I've worked at impala for 10 years from equipping helper, bell and box, belt attended, rock breaker and conveyor operator and being a safety rep for many years because i love safety. If the company hires me they will never regret it
