What job i'm looking for? My positive points

I am looking for any kind of job that can pay me so that i can earn money to finally be able to feed my family. Because I do not have experience because most of the time I did part time jobs at weekends while I was going to school last year but even this year I continued doing them but unfortunately because of covid I wasn't able to get pierce jobs lately so things have been tough because there's nobody whose currently working in my family. So right now I just need anything available so that i could support my family and save money to continue my studies next year. Thank you
