Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a Human Resources Management graduate. Graduated early this year (2021), I hold a National Diploma in Human Resources Management. As a Human Resources Management student, I gained the following qualities being precise, diligent, having to pay attention to detail regarding my work, and always being professional at all times. I am precise in whatever task I do, and one other thing is, I was taught to work neatly, manage time, whilst maintaining a good interpersonal relationship with people and the way in which I communicate with them. I am simply looking to build a long-term career in this Human Resources Management field, and also enhance other educational opportunities. I am a team player, capable of gaining new skills without any difficulties. Enhancing my professional and educational skills has always been a dream of mine in a stable, yet dynamic workplace, and I look forward to getting that opportunity with you.
