What job i'm looking for? My positive points

I'm looking for an administration job since I have completed a certificate in office administration and have worked admin before....I'm a hard and dedicated worker most importantly I love working over the expected schedule around the team.

The weakness I enquired is that managers tend to make me work over the limit due to seeing how I love working,one would say they have never seen me laze around no matter if there's no much work...
