

# Moremadi Kate Nchabeleng

Curriculum Vitae (CV)

## What job i'm looking for? My positive points

My name Moremadi kate Nchabeleng and I am 26 years old female. I studied electrical engineering (heavy current) N2 - N6 at Tshwane South College TVET, furthered my training or practicals at TIM Brown Electricals training centre where I did my Trade Test. I am a very hard working candidate whose determine to grow and learn more skills in electrical field. I find electrical very challenging but interesting and that its-self push me to extend my knowledge and skills. Yes I accept that um not whole perfect in working with electricity since well I was never exposed to an on job field but I can assure you that the training and on site jobs that I did at Tim Brown Electricals training centre were worth it, and I have gained a lot from them, more especially regarding motors, Installation, panel wiring, trace and locate of faults, interpreting electrical drawings and the others. I have also learned something about myself, such as being able to apply my mind in challenging tasks, working with people, and learning faster under a preset time. Should I be given any chance to work in any of your companies, I can assure you, hard work and determination.
