Curriculum Vitae (CV)

## What job i'm looking for? My positive points

As a Civil engineering student at Mangosuthu University of Technology, currently doing my S4, I am applying for an inservice training now because I will need it when I complete my S4 inorder to graduate. I'm a well dedicated student who's looking for a better opportunity to develop her skills further. An opportunity to showcase my skills will be highly appreciated. I won't write a very long paragraph I don't want to lie, but being dedicated is my of my strongest skills. I'm keen to pursue a career in Transportation engineering or Geotechnical Engineering because I love these two modules. Having passed every level so far shows how dedicated I am in what I'm doing.
