Curriculum Vitae (CV)

What job i'm looking for? My positive points

As an inexperienced former matriculant, I deeply think whatever job I'll offered will earn me the experience and opportunity to be able to face the real world on my own, since I've ever been forever dependent on my parents. I'm currently volunteering at a local organization, helping a lot of children change their lives and empowering those little souls on the other side makes my life meaningful. This has as well brought a lot of experience to me.
