

Rhulani Makhubele

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for an Artisan since I am a qualified Electrician but even general work, will do.

I am a fully trained, qualified and experienced Electrician who is able to meet strict deadlines without compromising on quality. I have become the 'go to' person regarding all electrical regulation, installation and calculation matters. I am also the company expert at equipment testing, equipment maintenance, safety protocols, and tracing, finding and rectifying of electrical faults.

My strongest attributes include identifying unsafe electrical situations, installing wiring systems, and managing other electricians. Furthermore, I easily manage multiple and varied tasks with enthusiasm, and prioritize workloads with great attention to detail.

Aside from my technical abilities, my pleasant manner and excellent communication skills.

I am aware of your company's excellent reputation and am keen to join a company like yours that recognizes hard work and rewards ability. Subsequently I hope you will consider my application seriously and put me on a list of applicants who you are going to invite to interviews.

I have attached my CV for your consideration, and I would like to thank you for taking the time to consider my application.

Yours sincerely,

Makhubele RC
