Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm interested in a managerial position albeit junior or lower level. Im eager to learn and love a challenge. I just finished studying and have 4 years of work experience as a Waitron. This has taught me a tremendous amount of people skills and how to best cater to the needs of a customer as well as having great success in customer satisfaction. I worked full time whilst studying so I know a bit about time management as it's evident by my working whilst studying simultaneously. I look forward to hearing from you .
