What job i'm looking for? My positive points

I'm looking for any job that is available. A job that won't require an experience cause I never worked before. As I mentioned above I am a part-time student, I need money to cover my school expenses. I'm willing to learn and I know nothing can defeat me cause I'm a hard worker, willing to do new things and I take my work very serious. I really need this job and I promise I won't disappoint.
