Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am one of the youngest people who cite their interest in agriculture as their ambition to make difference in the world and society, and I would like to gain experience in a fully established agricultural industry and pursue my career in Agricultural Management. To gain a market increase in the turnover of the organisation by enhancing the agricultural output using my energy, enthusiasm, and expertise in the field of agricultural research. To extend my sincere efforts towards the organisation's interest in adding value to the farmers directly. I am an intellect by nature, hard worker, flexible and customer focus. Detail-oriented but also keep the bigger picture in mind. Keen problem solver who is focused on efficiency and take a hands on approach. I have the ability to make confident decisions rapidly, dynamic, and independent. I adore working with people and I can build good working relations with people from all cultural and socio economy backgrounds. I am very patient and calm in complex situations, honest, trustworth, respectful, positively react to changes, good at following instructions, and quick to adapt.
