What job i'm looking for? My positive points

I'm looking for Human resource management internship because I am committed in everything I do, I'm a person who likes to communicate with people and problem solving hence keeping what is confidential and also who pay attention to the details, hire me only a week, you will judge based on my work, just a week only, I believe that, I'm driven by next step, not the step I'm at, so that gives me more time to work towards that next step. Thanks for considering me.
