What job i'm looking for? My positive points

I'm looking for a job as Fleet controller/operation controller or control room operator.

I've experience in working with risk vehicle fleets including tracking and monitoring.

I'm currently working for RMS(Route Management Services) where I am a video download specialist.

My job title is to analyze and capture images which are being generate by a ICAB "CAMERA" DEVICE in order to make and complete video footages such as hijackings, accidents(Major/minor) and malicious damage.

I'm very eager to learn anything with an urge to work both independently and well, in a team; I am positioned to exceed anything that is expected from me.
