Curriculum Vitae (CV)

## What job i'm looking for? My positive points

I am charming and charismatic. I am able to help people when they are in need and I am friendly.

I believe I am the right candidate for this position as I am well equipped to work with people of all different backgrounds. And as a cashier I believe I would make everyone receiving my services feel like they are being helped by a friend and not a stranger they just meet seconds ago.

I am a team player and always ready for a new challenge, I believe in working together to achieve any objective set, but also I am not afraid to brunch out own my own to achieve whatever objectives that would have been set by my employer.

I have acquired all my skills (team player, charisma, confidence and good communication skills) from being a Prefect in High School. As I was exposed to different kids from all shades and backgrounds I learnt how to address people "students" in a manner that made them more coordinatable and easy to hand them their duties.

I should be hired because I am ready and willing to go an extra mile for my employer and they will not be wasting their time and resources by hiring me.
