Curriculum Vitae (CV)

What job i'm looking for? My positive points

My passion is fitter work. I just love it to be a fitter. I love to work with my hands and to think out of the box at times.

I worked at Lily mine plant as fitter i enjoyed it tremendously and always tried my best to reduce costs and to maintain all machinery and equipment to work without any brake downs. After Lily mine fell in in 2016 i can proudly say that i was 1 of few employees that was asked to stay on until the very end, witch was for 9 months with very little money, and i would still work 9 more for nothing if it would help my company to stay standing
